Notice

Recently we have received queries from parents and guardians about the position of the university regarding involvement of students in political activities. Some guardians have also mentioned that they decided to get their children admitted into a private university mainly because the private university campus is politics free.

In this regard, we would like to mention that Southeast University is a non-political, non-racial and non-profit institution. The university is run by a Board of Trustees which is the apex body of the university authority. The Memorandum of Articles of the Board of Trustees clearly mentions that no activities can be undertaken inside the organization with a political bias.

Southeast University is committed to developing future leaders of the nation. Students and faculty members may have their political preference, affiliation or association with any organization outside the university. However, Southeast University campus cannot be used to organize any activity to promote any organizational affiliation, and the University logo cannot be used within or outside the campus to promote any activity without written approval of the university authority.

Students are encouraged to organize all extra-curricular activities through the nineteen student clubs approved by the university management. Violation of university policy may result in appropriate disciplinary action as per the Student Code of Conduct of Southeast University.
